<b>REPAIR SERVICE</b>	.....	To report a telephone out of order.
<b>BUSINESS OFFICE</b>	.....	For business with the Telephone System.

**DIAL**  
**“②”**  
**RIVERS**  
**OPERATOR**

### TO CALL SUBSCRIBERS CONNECTED TO THE NEW SARUM EXCHANGE:

- |  |   |
|--|---|
| (a) Consult Directory for correct number.  | (e) LISTEN with hand-set for called party to answer.  |
| (b) Lift hand-set and listen.  | (f) A slow intermittent burring sound will be heard if the called party's bell is ringing.  |
| (c) IF LINE IS CLEAR, dial tone (a steady humming sound) will be heard, indicating your line is ready to receive your call.  | (g) A rapid succession of sounds, “buzz-buzz-buzz”, will indicate that the called party's line is busy. If this is heard, replace hand-set and try again later. |
| (d) DIAL THE NUMBER, by inserting index finger in the dial opening of each digit of the number in succession, rotating dial until the finger reaches the stop, and then removing finger to allow dial to return unaided. |   |

## NEW SARUM

Continuous Service
